REPORT OF SCHOOL BOARD.

The last year has proved a very successful one in most of our schools where the school board, parents, teachers and pupils have showed interest and worked together.

Last June several of our teachers resigned but we were very fortunate in securing good ones to fill their places.

We have at the present time five teachers who hold state certificates which will give us ten dollars per week from the state.

Our school rooms are well supplied with text books.

Other repairs were contemplated last spring when the money was raised, afterwards it was thought best to wait until next season, therefore less money will be needed the coming year.

The attendance has been very good except where sickness prevented.

What can be done to improve our school system has been the ever present thought with us and we thank all who have cooperated with us to make Campton schools a success.
